

comment cycle for an additional 45 days, the Commission can ensure that the EBS community has an adequate opportunity to evaluate and respond to the important issues raised in the” *2.5 GHz NPRM*.<sup>7</sup>

4. The Joint Stakeholders have also requested an extension of time for the filing of comments in the proceeding.<sup>8</sup> They request that the filing dates in this proceeding be extended for 60 days.<sup>9</sup> The Joint Stakeholders welcome the “Commission’s decision to initiate this rulemaking, which has the potential to (1) expand educational broadband benefits to more students, schools, and families; (2) foster broadband deployment in rural areas, including on tribal lands, many of which have limited or no service today; and (3) accelerate the deployment of 5G wireless networks to more Americans.<sup>10</sup> They argue that the “issues raised by the NPRM are as complex as they are important” and that “complex geospatial analysis is required...”<sup>11</sup> In addition, they allege that this proceeding is not routine, and that the current timing falls during the summer which is particularly difficult for schools and educators.<sup>12</sup>

5. As set forth in section 1.46 of the Commission’s rules,<sup>13</sup> the Commission’s policy is that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. In this case, however, we find that the number, scope, and importance of the questions asked in the *2.5 GHz NPRM* warrant a partial extension of the comment and reply comment deadlines. While NEBSA and CTN seek an extension of 45 days, and the Joint Stakeholders seek an extension of 60 days, we believe that an extension of 30 days will adequately serve the public interest by providing interested parties additional time to develop more full and complete responses to the *2.5 GHz NPRM* and promote a more comprehensive record, without resulting in undue delay. Thus, comments are now due August 8, 2018 and reply comments due by September 7, 2018.

6. Accordingly, **IT IS ORDERED** that, pursuant to Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. § 154(i), and Section 1.46 of the Commission’s rules, 47 CFR § 1.46, the motions for extension of time filed NEBSA/CTN and the Joint Stakeholders are **GRANTED IN PART**, and otherwise **DENIED**. The deadline for filing comments in this proceeding is extended to August 8, 2018, and the deadline for filing reply comments is extended to September 7, 2018.

7. This action is taken pursuant to the authority delegated by Sections 0.131 and 0.331 of the Commission’s Rules, 47 C.F.R. §§ 0.131, 0.331.

FEDERAL COMMUNICATIONS COMMISSION

Donald K. Stockdale, Jr.  
Chief, Wireless Telecommunications Bureau
